

MEDIOBANCA

PRESS NOTE

Mediobanca Italian CEO Conference reaches its fourth year

Milan, 25 June 2018 - The fourth **Italian CEO Conference** will be held on 26 and 27 June 2018. The event, organized by **Mediobanca**, brings together institutional investors and CEOs of the leading Italian listed companies every year at the Bank's head offices in Piazzetta Cuccia in Milan. The conference will be attended by more than 60 of the leading Italian stock market-listed companies and over 150 international investors, who will have an opportunity for dialogue both in one-to-one meetings and by taking part in panels on particular themes. Representatives of international institutions will also be present, including the EBA and the European Parliament.

The programme for the **Italian CEO Conference** this year is once again very rich. The first day, which will focus on banks and insurances, will open with welcoming remarks from Alberto **Nagel**, the Chief Executive Officer of **Mediobanca**, and will continue with a talk by Isabelle **Vaillant** (Director of Regulation at the **EBA**). Further talks will follow from Stefano **Del Punta** (Finance Director of **Intesa Sanpaolo**), Philippe **Donnet** (CEO of the **Generali Group**), and Jean Pierre **Mustier** (Chief Executive Officer of **Unicredit**).

The infrastructures and utilities sector will be the focus of day two, with addresses by Francesco **Venturini** and Alberto **De Paoli** (CEO of **Enel X** and Finance Director of **Enel** respectively). The programme for the morning will end with a round table on managing the energy transition, with the participation of Stefano **Venier** (Chief Executive Officer of **Hera**), Valerio **Camerano** (Chief Executive Officer of **A2A**), Massimiliano **Bianco** (Chief Executive Officer of **Iren**) and Gianfilippo **Mancini** (Chief Executive Officer of **Sorgenia**). In the afternoon there will be talks by Roberto **Gualtieri** (**Chair of the Committee on Economic and Monetary Affairs** and **Member of the Brexit Steering Group**) and Giovanni **Castellucci** (Chief Executive Officer of **Atlantia**).

The conference, which has become one of the key dates in the diaries of institutional investors throughout the world and recently confirmed by Extel "Best Corporate event" in Italy, will provide an opportunity for an update on the Italian corporate situation and the economic/financial scenario of the country, at a time of political transaction which is being watched very carefully by the markets.

Access to the conference is exclusively reserved to registered investors and to the companies invited.
